SUMMARY

Highly motivated and dedicated Computer Science graduate with a passion for programming and a strong foundation in the field. I am committed to continually expanding my knowledge and honing my skills to become more proficient software developer. With a keen eye for detail and a problem-solving mindset, I strive to deliver innovative solutions that meet both user requirements and industry standards. Seeking opportunities where I can apply my technical expertise and collaborate with professionals to create software solutions.

WORK EXPERIENCE

ZionLab IT Consultancy   **June 2023– August 2023**
Web Developer Intern   *Baclayon, Bohol*

- Led the development of a user-friendly dashboard that streamlined a credit cooperative system's operation.
